Biopsychology - Pearson

Biopsychology presents a clear, engaging introduction to biopsychological theory and research through a unique combination of biopsychological science and personal, reader-oriented discourse. Original author John Pinel and new co-author Steven Barnes address students directly and interweave the fundamentals of the field with clinical case studies, useful metaphors, and memorable anecdotes that make course material personally and socially relevant to readers.

Author John Pinel and his
artist/designer wife, Maggie Edwards,
created many of these illustrations
exclusively for this text. While some
biopsychological textbooks
emphasize neurophysiology,
neurochemistry, and neuroanatomy,
Biopsychology gives top billing to
