Medical Negligence: Non-Patient and Third Party Claims ... An act or omission (failure to act) by a medical professional that deviates from the accepted medical standard of care. While medical negligence is usually the legal concept upon which theses kinds of medical malpractice cases hinge (at least from a "legal fault" perspective), negligence on its own isn't enough to form a valid claim. But when the negligence is the cause of harm to a patient, there may be a good case.

The family of a man who succumbed to Covid-19 on Thursday night has accused a private designated Covid hospital of negligence, claiming that their relative was not given proper treatment.

Covid patient dies; kin accuse hospital of medical negligence
It feels like Breast Cancer Awareness Month, which ran throughout October, was more important than ever in 2020. The month started with Breast Cancer Now estimating that nearly one million women in the UK had missed potentially lifesaving NHS breast screening this year due to COVID-19. The charity estimated that around 986,000 women missed their Continued
