Good personal hygiene also boosts confidence by dealing with problems like bad breath or body odour. For children, the basics of good personal hygiene are: washing hands; covering their mouth when they cough; having regular baths or showers; brushing and flossing teeth; You may have to help your child practise good personal hygiene habits.

To teach personal hygiene to a child, start by explaining what germs are and how they can spread, since understanding germs will help them understand the importance of being clean! Next, when you're teaching your child how to properly wash their hands, have them sing a 20 to 30 second song like "Happy Birthday" while they wash, so that they will scrub their hands long enough.

someone in person. Some of the other risks or problems include: accessing areas that are inappropriate or overwhelming

Internet Use in Children

Knowing what you value can serve as a guide to determine when and how you want to intervene in a situation with your children. If you see your child misbehaving in a way that is contrary to a value you want to instill, it can be a clue about something the child needs to learn, whether it be kindness, generosity, responsibility, honesty, etc.
